

PATH ONE OVERVIEW

OVERVIEW

FLE cycles build precise thought, action and reflection in a cumulative way.

FLE cycles, are intentionally simple so they can be memorized, internalized and practiced on a daily basis.

The foundation cycle supports the other cycles by reinforcing the healthy patterns of thought that will be essential to progress.

PATH ONE LEARNER

- Path One Learners are individual contributors or technical analysts or delivery oriented employees who are only accountable for their value added activities.
- Take 30 x 50 minute modules of instruction
- Take 30 timed quizzes
- Upload 5 .mp4 videos of pair instruction from each cycle

FRICITION LESS ENTERPRISE PATHS

PATH ONE

AWARENESS CYCLE

All transformers start their Friction Less Enterprise (FLE) journey here. After all artifacts have been completed and courseware studied and quizzes passed you are ready to proceed.

ORIENTATION CYCLE

Discover the position of your team, organization, industry and market while you consider your own journey.

CADENCE CYCLE

Synchronize your sequential roadmaps with your known activity and then use FLE techniques to uncover opportune market circumstances that allow bold ideas to flourish in the marketplace. Refresh learning and planning in Awareness Cycle.

Week 3

Week 9

Week 7

Week 11

PURPOSE CYCLE

FLE step 2 begins with Purpose Cycle. Learn to formulate laser focused hypothesis about your business and execute small tests of those ideas and quickly learn from the results.

GOAL CYCLE

Aim your team and aim your organization to your desired direction by exemplifying the ethic, work product, behavior, speech and actions of your goals.

FRICITION LESS ENTERPRISE PATHS

PATH ONE

PATH TWO

PATH THREE

PATH FOUR

FLE - T, TRANSFORMER

All FLE learners start with PATH ONE. For delivery level employees and individual contributors this path is sufficient.

***2 Weeks
Duration**

***2 Weeks
Duration**

FLE - P, PEOPLE LEADER

Supervisors, Team Managers and Technical Leads take PATH TWO to gain the mentality and tools they need to enhance their leadership skills.

***3 Weeks
Duration**

FLE-E, ENGINEER

Chief Information Officer, Vice President of Engineering, and Director of Technology and their technical peers will find PATH THREE intensely enabling to lead innovation for their enterprises.

FLE-C, EXECUTIVE COACH

CEO, President, Executive Vice President and their peers take PATH FOUR to expand their leadership potential to sustained world-class impact.

***3 Weeks
Duration**
