

OVERVIEW

FLE cycles build precise thought, action and reflection in a cumulative way.

FLE cycles, are intentionally simple so they can be memorized, internalized and practiced on a daily basis.

The foundation cycle supports the other cycles by reinforcing the healthy patterns of thought that will be essential to progress.

PATH TWO LEARNER

- Path Two Learners are supervisors, managers or mid-level directors who are accountable for managing employees and a single value chain.
- Take 30 x 50 minute modules of instruction and a Leadership Quotient, Emotional Intelligence and Grit [LEEG] evaluation.
- Take 30 timed quizzes
- Upload 5 .mp4 videos of pair instruction from each cycle

AWARENESS CYCLE

FLE-P, People Leaders start their Friction Less Enterprise (FLE) Leadership Quotient Emotional Intelligence and Grit [LEEG] evaluation here.

ORIENTATION CYCLE

Comprehensively examine the position of your team, organization, industry and market while you consider your own Emotional Intelligence journey.

CADENCE CYCLE

Synchronize your sequential roadmaps with your known activity and then use FLE techniques to uncover opportune market circumstances that allow bold ideas to flourish in the marketplace. Retake LEEG evaluation and update learning and planning in Awareness Cycle.

PURPOSE CYCLE

FLE step 2 begins with the Purpose Cycle. Leadership Quotient exercises alongside FLE-P learners' day job keep activity grounded in reality.

GOAL CYCLE

Aim your team and aim your organization to your desired direction by exemplifying the Grit, ethic, work product, behavior, speech and actions of your goals.
